

SPC Concept: The Challenge for Cooperation

Working Content

Summary

1. Introduction

2. Human and Development

2.1 Human

- 2.1.1 Resistance and vulnerability of Nature and Man
- 2.1.2 Spin and Matrix of Human Behavior
- 2.1.3 Target group and growing personalities
- 2.1.4 Human and Investment for Development
- 2.1.5 Project and Ownership
- 2.1.6 Man and form of development-related information
- 2.1.7 Texture and Structure of Development
- 2.1.8 Record of the Chapter 1.2

2.2 Development

- 2.2.1 Knowledge of life
- 2.2.2 Politics and Economics
- 2.2.3 Development process and administrative procedures
- 2.2.4 Organizations and processes in development
- 2.2.5 Digitization and Inclusion in Development
- 2.2.6 Sustainability of development and human life
- 2.2.7a Goal and Rules for Human
- 2.2.7b Objectives and access of Human
- 2.1.8 Record of the Chapter 2.2

3. Climate Change and New Environment

3.1 Climate Change

- 3.1.1 Philosophy for SED and DRR
- 3.1.2 Development Structure and Infrastructure
- 3.1.3 Human and climate change
- 3.1.4 Basic Framework for Investment in Territorial Development
- 3.1.5 Local capital and development funds
- 3.1.6 Example of Common Goal and Way
- 3.1.7a Assignment of Development Tasks - Example, Policy Platform
- 3.1.7b Potential of Development Tasks, Example - SPC Concept
- 3.1.8 Record of the Chapter 3.1

3.2 New Environment

- 3.2.1 Organizational Procedures
- 3.2.2 Money as a service
- 3.2.3 Craft governance
- 3.2.4 New Tools for Project Preparation and Implementation
- 3.2.5 Center of Excellence services (for formal and informal relationships)
- 3.2.6 Education and the role of universities at the local level
- 3.2.7 Media and marketing of the target group
- 3.2.8 Record of the Chapter 3.2

4. Development tools and project examples

4.1 Development tools

- 4.1.1 Project management and ownership of results
- 4.1.2 Program and Project Filters
- 4.1.3 Project Preparation and Implementation
- 4.1.4 PPM and DTM tools
- 4.1.5 PIM and DTM tools
- 4.1.6 Development Zones and PPM, PIM, DTM and PSS

- 4.1.7a Preparation Strategy and SPC Utility Network
- 4.1.7b Implementation strategy and WEMAF drivers
- 4.1.8 Record of the Chapter 4.1
- 4.2 Projects Examples
 - 4.2.1 Examples of programs and projects – methodology
 - 4.2.3 Individual projects with WEMAF drivers
 - 4.2.3 Project Mix with WEMAF Drivers
 - 4.2.4 Link to SED programs and projects
 - 4.2.5 Link to DRR projects and HAP humanitarian aid
 - 4.2.6 Pilot Project - practice and methodology
- 5. Development and Time
 - 5.1 Methodology of the chosen approach
 - 5.1.1 Structure of the Process Development
 - 5.1.2 Infrastructure of the Development
 - 5.1.3 Methodology of the Selected Approach
 - 5.1.4 Relativity
 - 5.1.5 Selected Filters
 - 5.2 Reality (What we Know and See)
 - 5.2.1 Problem: Risks and Objectives
 - 5.2.2 Framework: Assumptions and Skills
 - 5.2.3 Offer: Tasks and Their Solutions
 - 5.2.4 Work: Criteria and Indicators
 - 5.2.5 Capital: Opportunities and Benefits
 - 5.2.6 Summary – reality
 - 5.3 Program (What We Perceive and Propose)
 - 5.3.1 Problem of the Program: Risks and Goals
 - 5.3.2 Framework of a Program: Prerequisites and Skills
 - 5.3.3 Offer to a Program: Tasks and Their Solutions
 - 5.3.4 Work on a Program: Criteria and Indicators
 - 5.3.5 Program’s Capital: Opportunities and Benefits
 - 5.3.6 Summary – program
 - 5.4 Project (What We Need and Solve)
 - 5.4.1 Problem of a Project: Risks and Objectives
 - 5.4.2 Project’s Framework: Assumptions and Skills
 - 5.4.3 Offer for a Project: Tasks and Their Solutions
 - 5.4.4 Work on a Project: Criteria and Indicators
 - 5.4.5 Project’s Capital: Opportunities and Benefits
 - 5.4.6 Summary – project
- 6. Form and content of development
 - 6.1 Form of development
 - 6.1.1 Behavior
 - 6.1.1a Fable Example: stork nest and foxhole
 - 6.1.1b Life of Man: a scientific approach
 - 6.1.2 Knowledge
 - 6.1.3 Understanding PPPs
 - 6.1.4 Job’s results
 - 6.1.5 Projects
 - 6.2 Content of Development
 - 6.2.1 Access to Water
 - 6.2.2 Access to Electricity
 - 6.2.3 Access to Material
 - 6.2.4 Access to Air (atmosphere, A)
 - 6.2.5 Access to Money
 - 6.2.6 Parameters of WEMAF driver items in time layers
 - 6.2.7 Scaling of WEMAF drivers for real time and project preparation
 - 6.2.8 Scaling of WEMAF drivers for project portfolio and its implementation
- 7. Reference
